The Divide Music Festival

The Divide Music Festival is the must-attend outdoor music festival of the year! Held outside of Winter Park in Colorado's beautiful Fraser Valley, this three-day festival features A-list national acts, the best of Colorado's local music scene and camping all with the Rocky Mountains and the Continental Divide as the backdrop. Featuring Colorado craft beers, gourmet food, crafters and artisans, this inaugural festival expects to attract over 35,000 people over the course of the weekend. Just a short commute from Denver/Boulder/Fort Collins, The Divide Music Festival revives the rich history of music in the Rockies and should be on every music lovers and outdoor enthusiasts calendar this summer.

Application Information

A complete application **MUST** include:

- A completed application form.
- Full payment for booth fee by check, money order (made payable to "Team Player Productions, Inc"), or completed credit card information.
- A Full Description of Items to be sold: Vendor must submit a detailed MENU of items they intend on selling the weekend of the festival. NOTE: SELLING OF BEVERAGES IS NOT PERMITTED.
- Electrical Needs Form: If you require electricity, you **MUST** fill out the form at the end of the application.

Vendor Information

- All food vendors will be assigned a booth space. All vendors must provide their own booth set-up, including appropriate tent (10' x 10'), canopy or covering, adequate weight supports, tables and chairs, etc. Later in this application you will have to note how much space you require.
- Tents, canopies, etc. must be staked or weighted. Tents will be inspected.
- Vendors must be present at their booths throughout the Festival to exhibit their product personally. Vendors may not leave their assigned booth spaces to sell, solicit, or distribute information in the walkways. You may only operate/sell within your assigned space.
- Vendors may only sell menu items approved by The Divide Music Festival. NOTE: The sale of ANY beverages is NOT permitted.
- Vendors who are accepted into the festival will receive, via EMAIL, an "Acceptance Packet" upon approval providing information regarding rentals, festival policies, load-in/out times, instructions and other important details for the festival weekend.
- Overnight security will be provided but all items of value should be removed from booths over each night.
- PLEASE NOTE: Electricity is only provided for the duration of the festival hours (Fri: 3:00pm - 11:00pm • Sat: 11:00am - 11:00pm • Sun: 11:00am - 11:00pm). *If needed, you may bring your own generator. Generator requirements are further in this application.
- Once "accepted" into the festival, you will need to provide festival with a certificate of insurance. We do not require the insurance until you are officially accepted.

Electric Needs Form - Best Uses and Practices

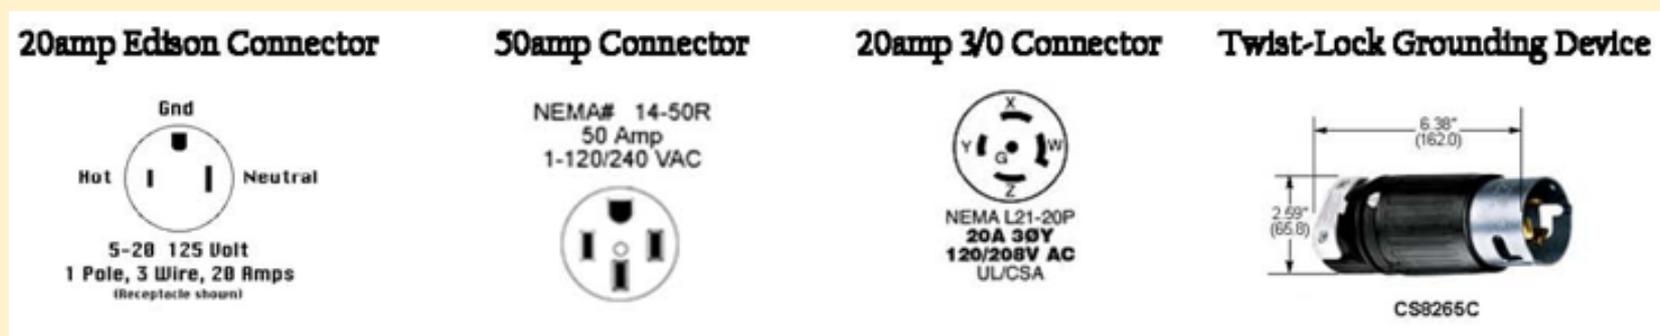

Dear Vendor,

This will help you determine your power needs, which will help us, provide you with predictable and reliable power. During the advance process it would be helpful to understand what exactly your individual requirements are. We understand that a key to your success is having uninterrupted reliable power when you need it. To that end we have compiled this vendor's user guide.

BASIC TERMINOLOGY

WATTAGE (I.E. 1000W):

When requesting power it is important to know what the wattage of your electrical device is. This gives us an idea of how much power you will need, and allows us to size accordingly. Voltage (i.e. 120v / 220v): When requesting power it is important that we know the operating voltage of your equipment. We will use your volt and watt information to tailor an electrical service just for your needs. It is important that this information be all inclusive of your equipment so our power provider can create an electrical service just for your needs.

WHY UNDERSIZED WIRE EFFECTS SUSTAINED POWER PERFORMANCE:

The biggest danger in sustaining power over undersized wire is the heat buildup. It is a shock and fire hazard to run undersized wire to any load. The wire will start to break down potentially exposing the conductor and in some cases melting or catching on fire. It is good practice to always use 12awg wire and keep your length to a maximum of 100 feet.

BASIC REQUIREMENTS FOR VENDORS:

The electrical supplier is required to provide power discussed in the advance process within 15 feet for your booth. It is the vendor's responsibility to provide extension cords from equipment to power source.

KNOW YOUR EQUIPMENT:

Please fill in the spaces below to identify specifically what equipment you have and the draw of the specific equipment. If you have any questions please contact Becky at becky@tppevents.com.

Electrical Form

Please write below the equipment that you are bringing to the festival. The more we know about the

equipment you have and the electricity that you require, the better we will be able to accommodate you.

Company Name

Please be sure to include the make, model, purpose, voltage, amps and plug configuration for every piece of equipment.

If you have any questions or concerns please describe below and we will get back to you as soon as possible.

Generators

The Divide Music Festival will allow quiet generators on site. If the generator is loud or disruptive in any way we will require you to purchase electricity for the duration of the festival.

Below is a list of generators that would be non-disruptive.

Green Vendor Program

The Divide Music Festival wants to showcase our vendors who are taking the extra step and being GREEN.

If you meet three of five listed requirements, the festival will highlight you as a GREEN vendor and will provide you a poster to hang in your booth. We hope this program will encourage our vendors and attendees to be GREEN at our event!

Please check which requirements you meet.

- No Styrofoam
- Biodegradable Dishware
- Reusable Table Covers
- Bulk Condiments
- Recycled Napkins
- I do not meet at least 3 of the requirements
